*Respected Sirs*

*With heart full of gratitude, I write this short letter on behalf of the three families who have received your precious help of uplifting from their poorest condition. The families they lost everything during the flood in Kerala. Your help in this moment was a big relief from all the difficulties they have gone through. We have helped these families with the sum of money you have sent to us. We bought all the materials needed to do the maintenance works in thier houses.(doors,cement and sand to repair the floor, plumbing materials, tiles etc... ) and we paid for the labors who had done the construction of the houses. They are well appreciated the help they received. They are very happy of what they have received and remembering and praying for all of you.*

*Thank you for being so generous and thoughtful.*

*Once again I thank you for the selfless interest you have shown to our people who are affected by the flood in India. We assure our humble prayer for you. May God bless you with peace and love.*

*Yours Sincerely*
